Autumn – Is one place better than another?

We would love for you to engage with our enquiry at home. In the table below there are lots of optional activities to pick and choose from this term. Once you have completed an activity, please upload it using a photo/video on your Class Dojo portfolio. Your home learning will be rewarded with Dojo points as well!

Discover Italy! Find out facts about Italy and what might attract someone to visit it. Present your facts in your own way. 	Create a model volcano. 	Find out the different names of different volcanoes from around the world. Where are the most volcanoes? Why is this? 	Go for a walk in the local area. Use a compass (most phones/tablets will have one as an app) to locate different things that are at the compass points. 
Research the different countries that we find in Europe. What is their flag? What is their capital city? 	Take photographs of/ draw geographical physical features which you think are appealing when out and about e.g. mountains, hills, rivers, seas, lakes etc. 	Research about natural disasters that have happened. How did it impact people's lives? Present in your own way. 	Draw or make a survival kit that would help you in a natural disaster. What will you need to survive? 
Retell the story of Pompeii in any way you choose. 	Create a model of one of the landmarks of Italy. This could be made of clay, playdough or cardboard. 	Write a poem or rap about volcanoes. 	Create a piece of artwork of a volcano. 
Create a travel guide to Italy. This could be like a paper brochure or electronic as an online guide. 	Use Google maps to look around the capital cities of countries across Europe. You can look on street view or the flyover videos to explore. Which was your favourite and why? 	Write a diary entry or record a diary style video about a place that you've been to in Europe and what you enjoyed. 	Try an Italian recipe and cook a meal for your family.
